Dear Spencer:

On December 6 we ordered two "late" membership certificates for Ronald Craig Logan and David Allen Marty, both of whom were initiated last November 19. But the Balfour Company has just notified me that the package has been returned by the Postal Service with the notation "not deliverable as addressed, unable to forward."

I assume that the problem stems from your having been gone for the holidays. But to play it safe, I have instructed Balfour to reship those certificates to Dr. Frank Tillman. So please check with him for their arrival soon.

If we are not using the proper address for you and this letter has somehow or other reached you, please let us know. If I don't hear from you, I shall assume we are addressing you properly.

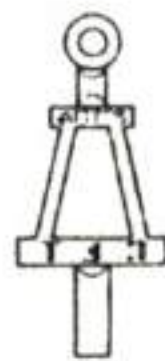

Sincerely yours,

Robert H. Nagel

Mr. Nagel,

Enclosed is our report of eligibility for this semester's election. Hwang-Hwei Siang, our Graduate-Student candidate, was elected last semester but was not initiated. We plan to initiate him this semester.

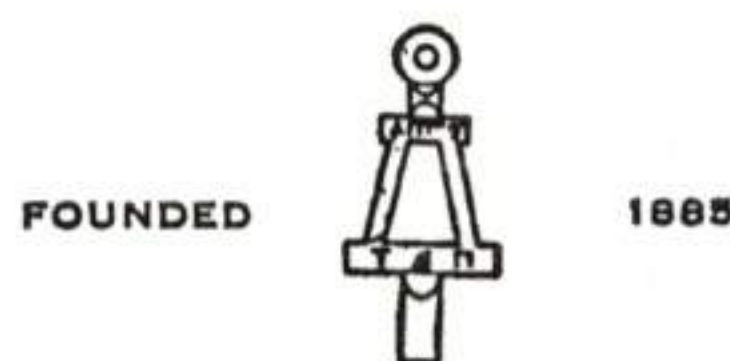

Also, our organization and all of Kansas State University was saddened by the February 2 death of Connie Jo Wells, a popular student and a member of Tau Beta Pi. Please make note of this in your records.

Re: Eligibility of Candidates for Membership

To the President of

Kansas Gamma Chapter:

- * Your Report of Eligibility has been received, thank you.
- * Your undergraduate candidates are judged to be eligible for membership under Constitution Article VIII, Sec. 2.
- * Your graduate-student candidate(s) are judged to be eligible for membership under Constitution Article VIII, Sec. 3, as follows: Hwang-Hwei Siang

Your alumnus candidate(s) are judged to be eligible for membership under Constitution Article VIII, as follows:

_____ Secs. 4() & 7.

_____ Secs. 5() & 7.

_____ Secs. 6() & 7.

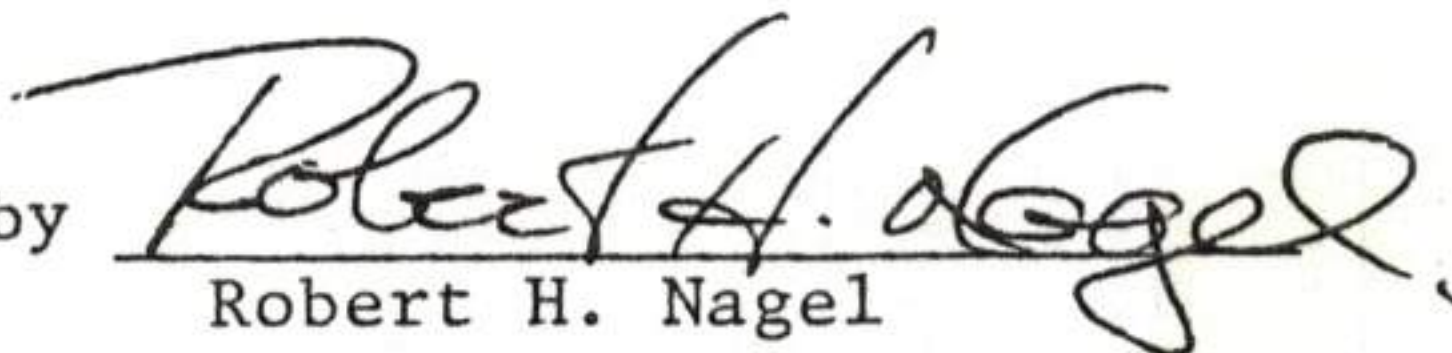

This letter does not constitute approval of the initiation of these candidates. It is only a judgment of their technical eligibility for election to membership. Approval of their initiation will be given as soon as your Report of Election and Catalog Cards have been received.

Please be sure to enter, on the Report of Election, the proper action taken by your chapter on every eligible candidate, in accord with instructions on the report form.

Keys and certificates will be ordered when we receive your Report of Election and a Catalog Card for each electee. Please remind electees that Catalog Cards are permanent records of their membership and that we need full names (no initials), legibly printed, class years, and proper mailing addresses.

If you requested, on the Report of Eligibility, electees' materials, including Constitution and Bylaws booklets, etc., and Bent castings, they are being mailed to you today under separate cover.

Mr. Tim Beougher
631 Haymaker Hall
Manhattan, Kansas 66506

Dear Tim:

I am answering your March 4 letter concerning your chapter bylaws on behalf of Bob Nagel.

Yes, I must ask you to please make some corrections to your chapter bylaws so that they will be in compliance with the national guidelines. The most important area deals with your election procedure bylaws. Your Bylaw VII, Section 3 states that a single negative vote vetoes the election of a prospective initiate. In other words, a "blackball". Blackballing is not permitted under national Bylaw VI. National Bylaw Section 6.03 (b) (1) states that a candidate must be elected by an affirmative vote of at least three-fourths of the active chapter membership present at the election meeting. The total affirmative vote must be a majority of the total active chapter membership, whether the total membership is present at the election meeting or not.

I suggest that you use bylaw V of the enclosed copy of the latest model chapter bylaws as a guideline to modify your bylaw VII. The past Conventions have directed the chapters to write explicit character measurement and voting procedures into their bylaws. These procedures must then be approved by the central office on behalf of the Executive Council.

Looking through the sample bloc voting procedure in the model bylaws, you noticed that one member may request that one or more candidates be "purged" from the bloc. This may be considered a type of blackballing, but the final decision on the candidate is still made by the group.

You have made a number of references to an "executive council". Somewhere in your bylaws you will want to define the membership of this council. To eliminate any confusion, you may want to rename your executive council the "advisory board" to make things parallel with references to the national Constitution. I am assuming that your executive council is made up of four faculty advisors plus three student officers, your president, vice-president and corresponding secretary. This is the way the national Tau Beta Pi Constitution defines the Advisory Board.

Mr. Tim Beougher

March 12, 1980

Documentation is the name of the game in organizations where the membership changes annually. To help it ease the transition of officers so that they do not have to dig through numerous reference to answer their questions, you may want to include bylaws concerning the election and installation of officers, chapter finances, records and equipment, etc. Sample Bylaws VI-XIII cover these items.

Thank you for your efforts in updating your chapter bylaws. I hope that you will be able to take care of these additional revisions.

Sincerely yours,

Dear Michael:

Thank you for the copy of Kansas Gamma's chapter bylaws.

I have reviewed them and find that you must make an addition before they meet the provisions of the national Constitution and Bylaws. Your get-acquainted character evaluation procedure fully meets the requirements of national Bylaw VI, Section 6.02 (f). However, your voting procedures do not meet the requirements of Section 6.03. The national guidelines do not allow the Advisory Board to veto the active chapter membership; rejection of a candidate. The only voting procedures which are approved by the national Constitution and Bylaws are shown in the enclosed Model Chapter Bylaw's Bylaw V, Section 10. In order to get into compliance with the national guidelines, simply copy either one of those voting procedures and amend it to your bylaws. Send us a copy of your amendment and we will attach it to our copy of your bylaws. They will then stand approved.

While you are at it, you will want to correct the typographical errors I have noted on the enclosed copy of your bylaws (I realize that you sent these in before you heard my warning at the Convention's Friday lunch).

I hope that you will take care of this little chore as soon as possible. Thank you.

Mr. Nagel,

Enclosed is payment for 38 initiates of the Kansas Gamma Chapter. I am the newly elected treasurer and I have a few questions about the bookkeeping. I found several different forms dated back to about 1974. I would like to know if this method using Forms 1 & 2 is still used nationwide or not. It seems that for the past few years our money has only been accounted for in our checkbook - there has been no other official records. Please help me answer these questions so that I may start my job right.

Dear Diane:

Many thanks for your \$798.00 check to pay Kansas Gamma's chapter account balance through December 31, 1980. I am pleased to meet you as the new treasurer of your chapter and we look forward to working with you for the remainder of this academic year.

Yes, the Forms 1 and 2 were designed to be used with the recommended Tau Beta Pi Chapter Bookkeeping System. Not all of our chapters use the system for a variety of reasons and Kansas Gamma apparently abandoned its use some years ago. While it is not mandatory, we do recommend this method of bookkeeping for all of our chapters.

A copy of the Bookkeeping System is enclosed and it contains sample Forms 1 and 2 which should be helpful to you. I also enclose some blank Forms 1 and 2 so that you can begin using them and get your chapter bookkeeping back on a sound basis. You will be doing your chapter a good service by instituting this system so that your successors as ~~treasurer~~ treasurer will have a firm bookkeeping foundation when the job is passed along to them.

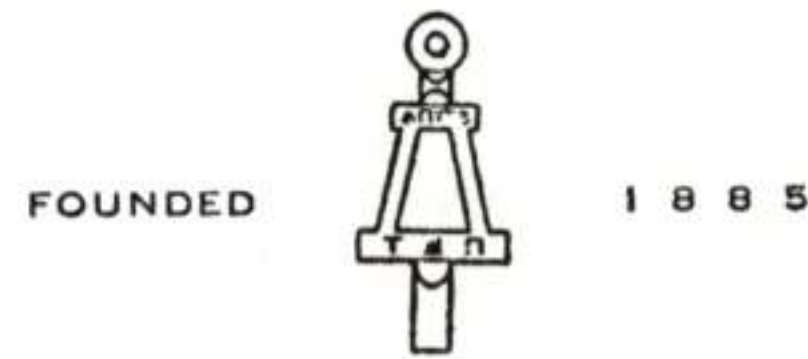

If you need more Forms 1 and 2, they are yours for the asking, free of charge.

You say that you hope your payment evens-up your balance but it does not, quite. You overlooked our charge for 500 Kansas Gamma letterheads which we had printed up for you so your chapter account balance now is \$35.94. The detail is shown on the enclosed copy of your account sheet. If you want to end up this academic year with a zero balance, please send your check for the balance shown. However, if you have already closed your books, it is not absolutely necessary that this small balance be paid now.

Mr. Dennis C. Wike

Manhattan, Kansas 66502

Dear Dennis:

This will acknowledge with thanks receipt of Kanaas Gamma's Report of Eligibility. In response to it, here is our regular report acknowledgement form which will enable you to proceed with your new-member elections. But this approval is tentative because of serious discrepancies in material you have sent to me.

First, your report says that there are 135 seniors at KSU, one-fifth of which is 27; you say that there are 160 juniors, one-eighth of which is 20. O.K., you have listed 27 seniors and 20 juniors but you have not included any present members and if they were to be added to the numbers of eligible people, you would be exceeding the percentages allowed.

Furthermore, you have included a list entitled "chaptermembers." We have checked this listing out and find that 58 of the people listed are undergraduates but the balance of the people on the list have graduated in past years, most of them last spring but a good number of them in 1978, '79, and '80. Are all of these people still at Kansas State and considered active members of your chapter? Perfectly O.K., if that's the way it is. We are not concerned with people who have already graduated because their numbers are not included in present top-fifth and top-eighth of the class compilations.

I think that the trouble lies in the number of seniors and juniors you have given. In the spring of 1981 your school had 260 seniors and 176 juniors; in fall 1980 you had 379 seniors (the number of juniors was not given to us); and in the spring of 1980 you had 494 seniors and 303 juniors. I'm sure your enrollment has not dwindled to the small numbers you have now given to us.

It would be preferable if you were to complete a new Report of Eligibility, giving us proper enrollment and eligibility numbers and including your present undergraduate members. Please refer to page B-22 of your President's Book for instructions about preparation of the Report of Eligibility and see the sample report which appears opposite the explanation. I don't mean to put you to extra trouble, Dennis, but proper reporting is essential in Tau Beta Pi.

As I said above, you have full permission to proceed with your new-member elections because I don't want to upset your schedule. But assign the task of

Mr. Dennis C. Wike

September 30, 1981

preparation of a proper report to a couple of your active members and let me have a new Report of Eligibility along with your Report of Election, please. Some extra report form sets are enclosed. Perhaps it would also be helpful for you to have a copy of your chapter member listing as we have marked it up. The check marks indicate undergraduate members; the asterisks indicate people who graduated in May 1981, according to our records; the X marks are people who graduated in earlier classes. Please note the question mark opposite Quazi Sharfuddin's name -- we have no record of his membership.

If you have any questions or problems concerning this matter, perhaps you will want to telephone my office to discuss them.

Sincerely yours,

Robert H. Nagel

P.S. I note that you have a graduate student listed on your undergraduate report, Govindaswamy Nadimuthu. We must have a special report form for him because we need additional information plus advisory board approval of his eligibility, please. A graduate student report form set is enclosed.

Re: Eligibility of Candidates for Membership

To the President of

Kansas Gamma

Chapter:

**

Your Report of Eligibility has been received, thank you.

Your undergraduate candidates are judged to be eligible for membership under Constitution Article VIII, Sec. 2.

** Your graduate-student candidate(s) are judged to be eligible for membership under Constitution Article VIII, Sec. 3, as follows:

Govindaswamy Nadimuthu

Your alumnus candidate(s) are judged to be eligible for membership under Constitution Article VIII, as follows:

Section 4(a)(1)(2)(3)(4)(5).*

Section 5(a)(1)(2)(3)(4)(5).*

Section 6(a)(b).*

*(All elections under Sections 4,5,& 6 shall comply with the applicable provisions of Section 7.)

This letter does not constitute approval of the initiation of these candidates. It is only a judgment of their technical eligibility for election to membership. Approval of their initiation will be given as soon as your Report of Election and Catalog Cards have been received.

Please be sure to enter, on the Report of Election, the proper action taken by your chapter on every eligible candidate, in accord with instructions on the report form.

Keys and certificates will be ordered when we receive your Report of Election and a Catalog Card for each electee. Please remind electees that Catalog Cards are permanent records of their membership and that we need full names (no initials), legibly printed, class years, and proper mailing addresses.

If you requested, on the Report of Eligibility, electees' materials, including Constitution and Bylaws booklets, etc., and Bent castings, they are being mailed to you today under separate cover.

Dear David:

I am pleased to meet you by way of your letter just received and we look forward to working with you as Kansas Gamma's corresponding secretary for the next semester. It is good to know that apparently there has been a smooth transition from the old officers to the new and that you have received all of the necessary forms, etc. from Don.

Thanks for enclosing the Report of New Officers and Convention Credentials. It is perfectly O.K. that they do not bear the president's signature. We can manage without it!

Do you know that there are two additional vital reports not yet received from your chapter? We don't have the Report of Final Action for your April 25 initiation and, until that report reaches my office, none of your initiates can be counted as a member of Tau Beta Pi -- including yourself! Hopefully, that report is on its way to us now.

The other report is your Annual Chapter Survey which normally is completed by the "old" chapter officers because it is a report of the year's activities under their leadership.

Sincerely yours,

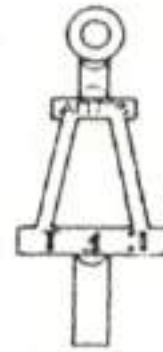

Robert H. Nagel

Chapter:

The Report of Final Action and copies of the Roll Book signatures on your chapter's November 5, 1982 initiation have been received. Thank you!

According to your report, your chapter initiated the following:

58 C-VIII, Sec. 2 Undergraduate Students
9 C-VIII, Sec. 3 Graduate Students
C-VIII, Sec. 4 Alumnus (1)
C-VIII, Sec. 5 Alumnus (1)
C-VIII, Sec. 6 Eminent Engineer(s)
67 TOTAL NUMBER OF INITIATES

If your chapter records do not agree with these figures, please notify me at once. Your chapter account is being charged with national initiation fees for this total number of new members.

Any discrepancies between your Report of Election and your Report of Final Action, and any outstanding information, Catalog Cards, or other materials needed from you to complete our records of the initiation are noted below. If nothing is noted, then our records of the initiation are complete, thank you.

Please note enclosed is a copy of one page of your Roll Book signatures. Would you, please, identify the two people circled in red. You have not sent the reports for your Sec. 3 initiates (graduate students), would you please fill out the enclosed report sets and return them immediately.

We also need one catalog card -- Fred A. Monger. Please send it promptly.

Dear Darci:

This letter serves as a follow-up to our March 8 telephone conversation and to the various letters that you sent us.

We ordered the key for Tarakam Peddada ~~routine~~ along with your other initiates. I do not understand why you did not get it along with all of the others. I have re-ordered it and will be sending it to you in three to four weeks. We ordered the key for Fred Monger on January 25. If you don't receive it within the next week or so, please let me know and I will re-order one for him.

We are still a bit confused about your graduate student initiates. I have enclosed report forms that I would like you to fill out with the proper information. That is, were Haran, Park and Ramachandran initiated? I am returning catalog cards for Park and Ramachandran since you sent us two of each. You should keep these other cards in your chapter files. We ordered a key and certificate for Haran earlier. We will order keys and certificates for Park and Ramachandran as soon as you tell us on those report forms if they were initiated.

March 23, 1983

Mr. Richard R. Ray
7021 Cottonwood
Shawnee Mission, KS 66216

Dear Mr. Ray:

Let me begin this letter by offering you Tau Beta Pi's apologies for our apparent neglect of your request for information for ordering a replacement Tau Beta Pi key. I assure you that the delay was not intentional. Let me explain the situation to you:

Following your phone call on March 10 we looked into our master membership records and could not find you listed as a member of Tau Beta Pi from Kansas State University. We did, however, find you listed as an eligible alumnus at the time of the installation of our Kansas Gamma chapter. The reports show that you were elected to membership and that you accepted but something prevented your attendance at the chapter's January 27, 1974 initiation. There our record ended but we did not doubt your veracity in telling us that you are a member of Tau Beta Pi. So we decided to telephone Kansas Gamma's chief faculty advisor so that he could look back into the chapter's records. Unfortunately, Kansas State was on spring break so our reaching Dr. Brank Tillman was delayed.

To make a long story short, Dr. Tillman returned our telephone call yesterday; he confirmed to us that you were indeed initiated at the chapter's fall 1974 initiation on November 17, 1974. The problem in our records came about because the chapter failed to report your initiation to our office, thus we never recorded you as a member.

Okay, we have now rectified the error and you are now on the membership roster as Kansas Gamma '72. The initiation fee you paid to Kansas Gamma at the time of your election entitles you to a Tau Beta Pi key and membership certificate, as well as a four-year subscription to our magazine, THE BENT. We have ordered your key and it will be delivered directly to you from this office in about three weeks. Your magazine subscription will begin at once and will remain in effect for four years.

Page two

To complete the records, we need two catalog cards from you, please. One will be sent to Kansas Gamma for the chapter records and the other will be retained in the headquarters office's permanent records. I therefore enclose two cards along with a business-reply envelope for your convenience in returning them to us. As soon as your cards are received, we shall then order your membership certificate and it too will be delivered to you from this office in a few weeks.

We are pleased to have heard from you so that this important matter could be straightened out satisfactorily.

Sincerely yours,

James D. Froula

re: holding
unapproved
initiation

December 6, 1983

Mr. John S. Alexander
201 Westwood
Manhattan, Kansas 66502

Dear John:

This is a very difficult letter for me to write, because I must do something that displeases me; that is, fine one of my chapters. Please let me explain:

I received your Reports of Eligibility and Election for your December initiation on December 5, three days after the fact. According to my records, your chapter did not receive approval to elect or approval to initiate any of the eligible candidates.

In holding this unapproved initiation, you have violated many rules in Tau Beta Pi and your chapter is subject to many fines. I will list the fines here. For late Eligibility Report, \$2.00, Bylaw VIII, Sec. 8.02(c). For late Election Report, \$2.00, Bylaw VIII, Sec. 8.01(d). For holding an unapproved initiation, \$1.00 per person initiated, \$63.00, Bylaw VIII, Sec. 8.02. For not submitting the proper reports for your graduate students before initiation, \$25.00, Bylaw VIII, Sec. 8.04. I am applying these fines to your chapter account at this time.

Let me stress the fact that I do not want your chapter's money. I do want your chapter to comply with the rules in submitting reports to the central office. However, because I wrote to you on October 24 requesting the reports and your date of initiation, your chapter had ample time to comply. A copy of my October 24 letter is enclosed.

If your chapter submits the proper reports at the specified times, for your spring election and initiation, the fines for your fall initiation will be reconsidered. I must see evidence in your spring election that your chapter is willing to work with me on this matter.

If you want to discuss this situation, please feel free to call my office. The number is 615/546-4578.

Telecom 12/9/83 - John

apologized; will fix problems
Will send F.A. rept after Mon 12/12 alt. initiation (having
2 because of storms); will send p'p'd actions.

I want to work with you to help you comply with the rules. Please let me know if you have special problems in your chapter, etc. We are willing to work around these problems. We will even give official approval to initiate by phone, but first you must call.

I hope to hear from you soon, John.

Sincerely yours,

James D. Froula

Dear Brother Froula:

Your letter of 10 July 1984 to LTC Rutledge has good advise related to Sigma Tau Pyramids. I agree that the local Tau Beta Pi chapters should take care of the monuments.

Actually, I suggested that the Pyramid here at the University be done away with when it becomes an eyesore. To date it has held up well, and nothing needs to be done. The remaining organization is Tau Beta Pi, and I do not feel that the Sigma Tau marker need to be kept indefinitely. In some locations, however, the local people may want to keep the monuments for some extended period of time.

Thanks for sending a copy of your note. Let me know if I could be of any service.

Thank you for your \$5 donation and your letter of July 5 informing me of the deteriorated Sigma Tau pyramid on the Kansas State campus. I will credit your gift to the Association's 1984 Annual Giving Program and will credit the account of our Kansas Gamma Chapter the \$5. By a copy of this letter to the Kansas Gamma Chapter president, I am requesting that the chapter do something about the situation you described and report back to me. Sigma Tau no longer exists, and the only group able to improve or remove the pyramid is the local Tau Beta Pi Chapter, in consultation with its advisors.

Best wishes.

Dear Sirs:

About a month ago, while visiting in Manhattan, Kansas, I was shown an object on the Kansas State University campus at Manhattan, Kansas which was identified as an eyesore. Unfortunately that object was a Sigma Tau pyramid which was in a state of disrepair.

Having been a member of Alpha chapter of Sigma Tau and also a member of Ohio Eta chapter of Tau Beta Pi prior to the two organizations having combined, I am concerned and embarrassed by this situation.

Enclosed please find a donation of \$5.00 which I hope can be used to assist in the repair, replacement, or removal of the pyramid as deemed appropriate.

Dear Dana:

We had a phone call from your vice president, Dung Nguyen, who said that the key and certificate for Michael Basel was never received by your chapter. We have reordered both the key and certificate and you should have them in a few weeks.

However, I need to explain why I believe that someone in your chapter did receive those missing items. The keys and certificates are manufactured by the Balfour Co. which has two different plants for these items. The keys and certificates are made in two different buildings and are shipped by different means. This is why it is impossible for one key and certificate to be omitted from the large orders we send to Balfour.

If you have any further information on this matter, please write to me about it. In the meantime, I have issued a charge to your chapter's account for the replacement key and certificate.

Thank you for your attention to this matter.

Dear Jim,

1/23/85
Dear Sonia:
No problem,
I understand
the delay.

Sorry for the delay in my response. KSU has just started second semester Jan. 16, so I wasn't in town to receive your letter.

As new president, I have a few questions about procedures: ① Are we required to keep Catalog Cards indefinitely? ② Can our chapter be sent a copy of the Bulletin and the Bent for our files? ③ If we invite the District 9 director to our initiation & banquet, should we budget for all of her expenses while she is here? — No — you

We also need a few copies of the report of election of new officers, because we plan to elect our Fall 85 officers-elect at our next meeting (Jan. 24). They will be training with the officers this semester in order to make a smoother transition over the summer.

Enclosed.

Thank you.

> Sure — Tell me the exact address to use and we'll add your chapter to the mailing list.

Sincerely,

Sonya Smith

Sincerely,
Jim

She has a budget for attending banquets, for Nancy's expenses.

Chapter

Date February 3, 1986

The Report of Final Action and copies of the Roll Book signatures on your chapter's December 9, 1985, initiation have been received. Thank you!

According to your report, your chapter initiated the following:

60 C-VIII, Sec. 2 Undergraduate Students
2 C-VIII, Sec. 3 Graduate Students
C-VIII, Sec. 4 Alumnus(i)
C-VIII, Sec. 5 Alumnus(i)
C-VIII, Sec. 6 Eminent Engineer(s)
62 TOTAL NUMBER OF INITIATES

*add to list

If your chapter records do not agree with these figures, please notify me at once. Your chapter account is being charged with national initiation fees for this total number of new members.

Any discrepancies between your Report of Election and your Report of Final Action, and any outstanding information, Catalog Cards, or other materials needed from you to complete our records of the initiation are noted below. If nothing is noted, then our records of the initiation are complete, thank you.

per USW

Vance W. Unrush was marked inititated but did not sign the roll book. Please let us know his status; and if he was initiated, we'll need his catalog card and roll book signature before his key and certificate can be ordered. Also, the correct forms and signatures were not submitted for the two section 3's until after their initiation; therefore, your chapter is being fined \$25 for each section 3 (total of \$50) in accordance with Bylaw 8.04.

Sincerely yours,

Dear Michael:

Thank you very much for your January 22, 1986, letter and for all the enclosures. I am sorry that your first duty as Corresponding Secretary of Kansas Gamma was to perform the job of your predecessor. I understand that the lateness of the reports was not your administration's fault.

Your chapter has committed a very serious offense by initiating the graduate students without sending the proper proofs of worthiness and without receiving written approval for initiation of those graduate students. Please read in your Constitution on page 36 under Bylaw VIII, Section 8.04. Because of this act by your chapter, we must fine Kansas Gamma \$25.00 each for the graduate students initiated. Your chapter will not be suspended at this time.

There is nothing further for you or the other officers to do concerning this matter. You have done all you can by sending the needed reports now. I thank you for taking care of the paperwork.

If you have any questions, please feel free to call.

Sincerely yours,

Jim

Dear Mr. Froula:

We would like to apologize for the lateness of these reports. This situation occurred from the gross negligence of the out-going Fall 85 officer class. This officer class hopes to rectify this situation in the most speediest manner however time will be necessary to locate, verify, and correct the late reports. Please bear with us as we process the reports.

Enclosed with this letter is (1) a \$6.00 check for the fines of the three late reports as described in your January 14 letter, (2) a Report of Election of Officers, (3) the Reports of Final Action for the December 9, 1985 Initiation, (4) a copy of the roll book signatures for that initiation, and (5) a complete set of forms for the graduates students who were also initiated on December 9th.

We understand that initiation of any member into Tau Beta Pi cannot occur until the proper forms are filled out, sent to the National, and National approves the new members. The previous officer class failed to do this for the graduate students listed on the complete set of forms enclosed and they proceeded on to initiate these graduate students on December 9th. We are not sure what we should do to correct this problem. We know the graduate students went through all the necessary steps to qualify for initiation in our chapter but no forms were filled out for them and sent to National. We hope the enclosed completed forms for the graduate students will settle this matter. If not, please inform us what we should do.

We know that these reports are just part of the reports past due. We currently processing the others and we will forward them to you as soon as possible. In the meantime, please keep us updated of what reports we are missing.

We look forward from hearing from you soon.

Dear Prof. Dahl

The Kansas Gamma chapter of Tau Beta Pi is developing a list of graduate students eligible for fall election to our chapter.

I am asking you to nominate your graduate students meeting the eligibility requirements of Tau Beta Pi. Students ranking in the top fifth of their graduate class are eligible for nomination. If a class rank can not be determined, a faculty statement that the students graduate work is of exceptional quality is acceptable.

Please submit a list of your eligible students to the Dean of Engineering's office by September 12. Your prompt reply will be greatly appreciated and will enable us to distribute the proper information to your students.

Thank you for your cooperation.

Dear Barb:
I look forward to
working with you,

Dear Mr. Froula:

Hello! As you probably know, our chapter elects officers each semester. I would like to introduce myself to you as the new president of the Kansas Gamma chapter. I'm looking forward to working with you and the association this semester.

Thank you for your letter of January, 1987. I have enclosed an order form for bookmarks. We would like to include these in letters to sophomores in mid-March, and in care packages in late March, if you could send them by then. Also, could you send me a sample of the electee packets?

Last semester we made a mistake on our list of initiates, so that a certificate was printed incorrectly. The certificate read "John Christopher Felts" but should read, "Christopher John Felts". Could you please make a new certificate for us? Thanks.

Also, I've received a second statement that we owe \$32, but my treasurer assures me that he sent a check to you for that amount, so our account should be paid in full according to our records. If you have not received this check yet, please let me know. On this statement is listed that we were charged for 5 electees who were not initiated. Could you send me a list of these 5 people?

Also, we need more Tau Beta Pi envelopes. Is there a special order form for these? If not, could I order 200 of these?

Thanks, and again, I'm looking forward to working with you.

Sincerely,

Barb Dubrovin

Barb Dubrovin received the information concerning the Tau Beta Pi student loan program. The loan applications were not enclosed in the envelope. We need to know if we were supposed to receive the applications.

The graduate students that were listed on the eligibility report were nominated by the Engineering Department Heads. We do not know the ranking of the graduate students. A copy of the eligibility lists that we received have been enclosed. We would also like to include Hugh Walker as one of the graduate student candidates.

Dear Mr. Froula:

On May 8, 1987 three amendments were made to the Chapter By laws. We have enclosed a copy of the amended By laws and an explanation of the amendments is provided below.

By law II
Section 5.

This section was amended to allow officer elects to become more involved and to give them more incentive to learn their responsibilities before they take office.

By law II
Section 6.

Although it is a good idea to keep track of alumnus, it is difficult to maintain an accurate record with so many members.

By law VI
Section 1.

Elections are held at the first general meeting to allow actives more time to become acquainted with candidates. The smoker is used as an informative meeting for candidates.

Dear Mr. Froula:

We would like to know if it would be possible to order
Tau Beta Pi pins instead of the traditional keys for the Spring
initiates.

Jeff Kysar needs to order a new Key. The cost of the Key
should be charged to our account. *Int. 12-9-85*

Sincerely,
Ron Smith
Ron Smith

Dear Ron:

Yes, we charge \$3.00 per Keypin that is
ordered. You must tell me which initiates
want Bent Keys and which want Keypins.
The Keypins ~~require~~ require about 2 weeks
extra for delivery.

To the President of Kansas Gamma :

This is a reminder, please, that the following reports are due from your chapter under the provisions of Bylaws V and VI:

~~Report of Eligibility~~

~~Active member address list (corrected)~~

Advisory Board list (corrected)

Also needed so that we may serve your chapter better:

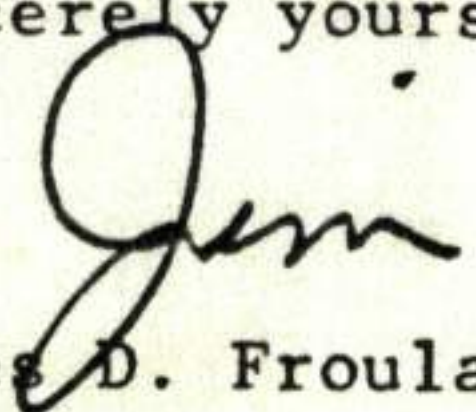

~~Officers' Information Sheet~~

~~Term-date Questionnaire~~

The items crossed out have arrived, thank you. The others must be sent to my office promptly to avoid fines to your chapter as set forth in Bylaw VIII.

If you need more of any of the report forms, or if you have some special problems, please let me know.

Sincerely yours,

Dear Mr. Froula:

Friday, I received a copy of the enclosed reminder stating that the KS Gamma chapter has not submitted the Advisory Board list. I am sorry, but I thought it was enclosed with the corrected active member list. I can not seem to find it here.

The Kansas Gamma Chapter has no corrections to the previous list. The members should still be listed as:

1. Donald Rathbone, Dean of Engineering
2. Frank Tillman, Industrial Engineering Professor
3. Larry Erickson, Chemical Engineering Professor
4. John Schlup, Chemical Engineering Professor

I am sorry for any inconvenience that this may have caused you. Thank you for sending us the requested supply of Bylaw books.

Cordially,

*(All elections under Sections 4,5,&6 shall comply with the applicable provisions of Sec. 7.)

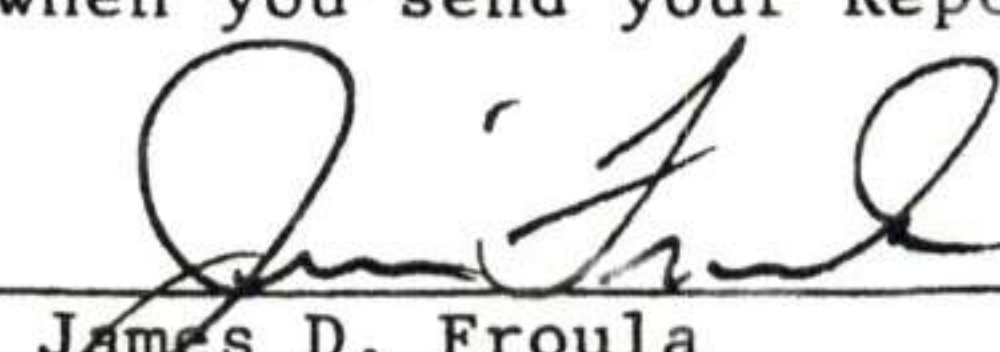

THIS LETTER IS NOT YOUR OFFICIAL INITIATION APPROVAL FOR THESE CANDIDATES. It is only a judgment of their technical eligibility for election to membership. Approval of their initiation will be given as soon as your Report of Election and Catalog Cards have been received.

Please be sure to enter, on the Report of Election, the proper action taken by your chapter on every eligible candidate, in accord with instructions on the report form.

Keys and certificates will be ordered when we receive your Report of Election and a Catalog card for each electee. Please remind electees that Catalog Cards are permanent records of their membership and that we need full names (no initials), legibly printed, class years, and proper mailing addresses.

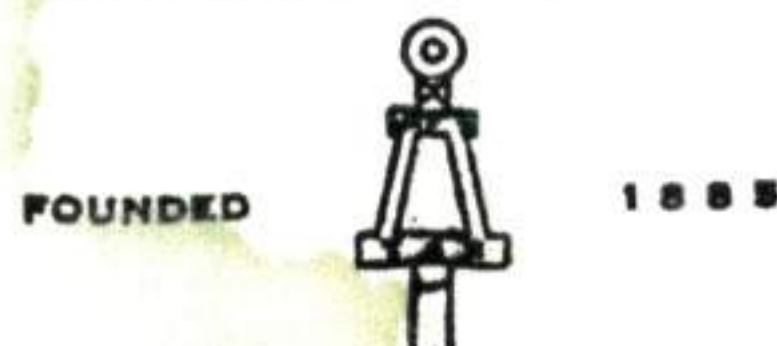

If you requested, on the Report of Eligibility, electees' materials, including Constitution and Bylaws booklets, etc., and Bent castings, they are being shipped to you today. If you need motto slips for your initiates, please let me know when you send your Report of Election. You probably have a supply in your initiation kit.

Dear Mr. James Froula:

Our chapter could not assemble a quorum to be able to ratify the proposed amendments to the National Bylaws. The official ballot did not have any instructions for chapters which could not meet the quorum requirement so we were unsure of what to do.

Due to time constraints, we did not conduct voting by mail. It was decided by the officers that our active members did not have adequate knowledge concerning these Bylaw amendments to cast a fair vote. Therefore Kansas Gamma Chapter will not be submitting a vote.

Please send us a green advisor book.

Dear Dr. Fowler:

It is indeed my pleasure to recommend Mr. Yu Jie Wang, who is my graduate student, pursuing a Ph.D. degree in the College of Engineering, Kansas State University for a membership in Tau Beta Pi.

In my opinion, Mr. Wang belongs academically to the top one-fifth of all the graduate students in our department. Furthermore, I consider him as a man of high moral character and integrity. It is indeed my joy to guide and advise him for the last three and one-half years. In fact, I rate him at the top five percent of all the graduate students (about 50 students) I have directly advised during my tenure at Kansas State University.

He has already presented a technical paper resulting from his Master's thesis at the 1989 Annual Meeting of the American Association of Cereal Chemists and published it in abstract form. He is also scheduled to present a technical paper, "Handling Characteristics of Brewer's Spent Grain" at the 1991 Winter Meeting of American Society of Agricultural Engineers in December.

If you have further questions on Mr. Yu Jie Wang, please let me know.

Sincerely,

Do Sup Chung

Dear Dr. Fowler:

Akhter U. Ahmed has requested me to write a second letter regarding the completion of his course works.

This letter confirms that Akhter U. Ahmed has completed over fifty percent of the required courses. He has been admitted to candidacy for the Ph.D degree following satisfactory completion of his preliminary examinations in June, 1991.

Please let me know if I can be of further assistance.

Dear Dr. E. Fowler:

Akhter U. Ahmed is a graduate student of the Department of Electrical and Computer Engineering, presently pursuing a Ph.D. degree in the area of Solid State Materials and Devices. Here I have listed some of his achievements:

1. B.Sc., Physics (Honors), class rank; 7th, University of Dhaka, Bangladesh.
2. M.Sc., Solid State Physics, class rank; 2nd, University of Dhaka, Bangladesh.
3. M.S., EE and Physics, University of Nebraska - Lincoln, Nebraska.
4. Research Associate at the University of Nebraska - Lincoln.
Scientific Officer in Bangladesh Atomic Energy Commission.
5. Ten referred research publications in National and International Journals.

In his current degree program, he has received all A's except one B in his graduate course works.

Based on his academic and professional records, I recommend that Akhter U. Ahmed be invited to join TAU BETA PI, the National Engineering Honor Society.

Dear Sirs,

Enclosed you should find the catalog cards and the report of elections. Currently we intend to have initiation on November 30, 1992. However, this is subject to change due to extenuating circumstances here. If the date does change, we will immediately inform nationals by calling 1-800-TAU-BETA. At the initiation, we hope to initiate 51 new members and 3 postponed initiates. Resulting in a total of 54 new members. We have the bents for the postponed initiates but need new certificates. The three postponed initiates are Jomari S. Torres, Brian L. Decker, and Daniel T. Waldeck. Jomari is still eligible for membership. Brian and Daniel have graduated. They had valid reasons for missing their originally scheduled initiation. Therefore we would like to initiate them this semester.

Tau Beta Pi

Chapter Kansas Gamma

Date Fall 1992

The persons listed below were elected by your chapter during past initiation seasons as noted. They have refused membership for financial reasons (Constitution Article VIII, Section 10) or have simply missed attending a formal initiation. Unless their election is to be cancelled, at the option of your chapter, the following three options apply:

- A) Persons whose names appear on this list and who remain eligible for membership may be initiated at the next regular initiation without re-election. Such electees who graduate may be initiated without re-election within five years from the date of election.
- B) Persons listed who become academically ineligible and whose postponements have been approved and documented by the Advisory Board may be initiated at the next regular initiation.
- C) Persons listed who become ineligible and whose postponements have not been approved by the Advisory Board must become eligible again and be re-elected during a subsequent term in order to be initiated.

If it is inconvenient for them to return to your chapter for initiation, arrangements can be made through the National Headquarters for their initiation by chapters near their homes.

Please indicate the action to be taken on each electee listed; i.e., To be initiated on _____ (date); Election cancelled by the chapter; Continue financial refusal or postponed status; etc.
